Pre-existing Medical Conditions

You are not automatically covered for pre-existing medical conditions.

A pre-existing medical condition is any medical or physical condition or circumstance that:

(a) you or

(b) a family member covered under this plan, or

(c) a parent or close family member (in your country of origin) not covered under this plan.

may have before you enrol in the plan, and which may result in a claim being made. This includes conditions or circumstances the individual was aware of, or ought to have been aware of, but did not seek treatment for.

Pre-existing medical conditions are a general exclusion under this insurance plan. For example, if a parent or close relative dies while you are in New Zealand and you are required to travel home, cover will not apply if that person has died of a pre-existing medical condition.

However, we may agree to offer cover for (a) you or (b) a family member covered under this plan in certain circumstances. You will need to complete a Medical Risk Assessment form before you start your studies, for us to consider cover.

This form is available from your International Student Office or by visiting the Studentsafe Inbound University page on [www.insurancesafenz.com](http://www.insurancesafenz.com)

It is very important that you read the policy wording and the definition of a pre-existing medical condition.

The period of cover

Cover under this plan applies while you are enrolled at the University of Waikato.

Commencement of cover

For students travelling to New Zealand cover starts 31 days before the commencement date of your course. For students already resident in New Zealand, the period of insurance starts on the later of 16 days before you start your course of study or on the day your existing compliant insurance expires.

End of Cover

Returning students

Your cover ends on the earliest of the following:

• the date you arrive in your Country of Origin;

• 150 days after the completion of your course;

• the expiry date of your Student Visa;

• the date you withdraw from your course of study and leave New Zealand;

• the date when you are being repatriated under this policy to your Country of Origin;

• or any date that we have otherwise agreed or notified in writing:

provided the annual premium has been paid in your final year of study.

All other students

Your cover ends on the earliest of the following:

• the date you arrive in your Country of Origin;

• the expiry date of your Student Visa;

• the date you withdraw from your course of study and leave New Zealand;

• the date when you are being repatriated under this policy to your Country of Origin;

• or any date that we have otherwise agreed or notified in writing:

provided the appropriate premium has been paid.

Ceasing Your Studies

If you withdraw from your studies before the course end date and remain in New Zealand, cover under the plan will continue until the expiry of your current Student Visa, provided the required premium has been paid to the University. If you withdraw from your studies before the course end date and leave New Zealand, then cover under the plan will cease as soon as you leave New Zealand.

If you obtain an alternative visa and plan to remain in NZ, or you plan to leave NZ and travel, then you can purchase other insurance cover.
